Yorba Linda Staff Visioning (April 25 and May 21, 2012)

In April 25, 2012, Yorba Linda City staff participated in a visioning discussion on current issues and challenges in the community. The following are comments received from members of staff:

Overall Usability of the Existing General Plan

What's Working and What Isn't?

- Able to reference policies to in land use decision-making process and it is helpful to have the backing of the General Plan. Sometimes staff is looking to support decisions/recommendations, but is not a policy in the General Plan and wish there was one.
- Conversely, when a definitive policy is in place, the City doesn't have any flexibility. There needs to be a balance.
- Fairly easy to navigate.
- The 1993 General Plan isn't necessarily relevant to today's process and context.
- The City doesn't use currently use the General Plan enough to support our decision making process.
- Do not currently include a General Plan consistency analysis in staff reports – possibly moving towards this
- Have only been piecemeal updates to the General Plan since 1993
- Pre- general plan update analysis was conducted to look at various elements and policies to carry over in the process.
- There is a zoning centric/current planning focus. Need to reinstall with the link the General Plan in overall in decision-making process.
- City Council does at times refer to the General Plan when deliberating on a project.
 - Need to make it more user-friendly for them
- Other departments do not really use the General Plan. Steve has tried to raise awareness in other departments that it is more than just a planning document.
- Needs to have an implementation program (responsible departments and timelines).
- Planning Commission does use the General Plan, but probably needs more education about how they can better use the document and policies.
- Would like to see a monitoring program similar to that in the new Historic Resources Element. Will help the General Plan evolve and stay relevant.

Current Issues or Challenges in the City

Hot Topics

- Equestrian Center
- Town Center

Yorba Linda General Plan

- Public Safety (hazard mitigation/police)
- Public Services
- Economic Sustainability (related to public service)
 - Very little new large scale development projects to generate revenue in the future
- Level of service vs. revenue streams
- Performing Arts Center
- Limited commercial retail land
- Trend of industrial uses converting to non-industrial (places of public assembly)
- Affordable housing
- Train/MetroLink/transit – not desired in the past
- Multifamily design guidelines with new Housing Element; high quality standard of design
- Current extensive landscape parkways/medians v. costs to maintain
 - How much landscaping does the city want?
 - How can costs be covered?
- Sustainability- need to be delicate with the topic
 - How to approach SB 375
 - Show how issues are related to saving people money
- Neighborhood Issues
 - Some upkeep issues in areas with manufactured homes; very small issues – Yorba Linda Boulevard/La Palma/New River Road
- Western part of City (horse properties) – keeping rural feeling
- Some lots currently zoned RE are non-conforming - potential upzoning to RS standard
- Rural street standards (septic issues)
- City Council policies separated from the current General Plan
 - Some have been integrated into Zoning Code already
- Viewshed protection
 - No hillside ordinance currently
- Preservation of private streets/desire to preserve those areas
 - Don't want manicured streets, etc.
 - Keeping semi-rural feel
- West v. East- trying to find common ground between people, recognizing differences in the build environment
- Mixed use- not desired
- Water quality – relationship with other agencies
- Open space preservation
- Coal Canyon- wildlife corridor

Visions for the Future

What would you like to see the General Plan Update Address?

- Online availability of General Plan desired
- Community Involvement – include some basics in the new General Plan
- Staff should be able to copy and paste into other documents
- More visually appealing
- Not ready for “mobility”, can include health and mobility as integrated into other elements, but not stand alone
- SB 18 compliance
- Economic development – very important
- Be aware of how much City can support
- Ways to address LMAD deficit issues
- Internal consistency on approach towards sustaining public services
- Understanding of economic development implications related to industrial uses transitioning to non-industrial uses (public assembly, commercial recreation)
- Safety- mudslide/flow prone areas and residential development

In May 21, 2012, Yorba Linda City Department supervisors participated in a visioning discussion on current issues and challenges in the community. The following are comments received from members of staff:

Notes:

- Circulation Element
 - Missing “collector” cross section
 - Inconsistencies between City nomenclature and OCTA nomenclature when the cross sections are the same
 - Rural road cross section needed
 - Not full curb and gutters, sidewalks
 - How to address ADA compliance
 - Should acceptable LOS change from D?
 - Fold in Complete Streets requirements
 - Usefulness of bike lanes?
 - Just named one of the least walkable cities in Orange County by the Friends of Harbors, Beaches and Parks
- Land use
 - Need to focus on about 6 areas in the City, small tweaks only
- Separate City Council policies can cause confusion- need to be evaluated to integrate into the General Plan
- Parks and Recreation fees- policy is to review every year, but hasn't been done in 10 years
- Library

Yorba Linda General Plan

- Currently use General Plan for population build-out for planning purposes
- City facility
- Liaison to the Historical Society
 - Historic Resources Element will likely be completed in June/July
- Connect the Parks and Recreation Master Plan to the General Plan
 - In-lieu fees study moving forward based on direction from the City Manager
- Equestrian Center- stabling plus improvements to Paxton
- Park maintenance standards and costs for future prioritization if needed
- Passive open space
 - City-owned land to the east- preserved open space
 - Open space within developments- preserved based on development agreements
 - Currently shown as residential designation, could be changed to open space
 - Policy language needed for APN lots that are designated as open space
 - Should City purchase these lots as funding becomes available?
 - Coal Canyon property
 - Currently PD zoned, should be open space
 - Owned by State Parks
- Development on Murdock property (unincorporated)
 - 380+ homes with access only from San Antonio Rd.
 - Policy to cap number of homes off of one street in the General Plan
 - City will be discussing the issue with LAFCO
- Hillside development/ridgeline development
 - Some grading policies in the current General Plan
- Water pressure- availability concerns after fires
 - WAS prepared by the Water District for the Housing Element
- Visioning process will be good foundation
- Implementation oriented General Plan
 - Good for grant writing
- General Plan as a budgetary tool
 - Annual facility fee survey/review just approved by City Council
- Current policy for 2-year budget, but not followed
- Fold in City Council goals and objectives
- Friends Christian High School property- potential default
- Level of service for community services- how will this be maintained? How will this be paid for?

Summer Visioning (July 28, 2012, Farmer's Market)

On July 28, 2012, the City held a drop-in Visioning Session at the former Yorba Linda Hardware Store space during the Farmer's Market. Community members could view an informational PowerPoint, read information about the General Plan and Parks and Recreation Master Plan, and provide input on Post It Notes. The following are comments written on the Post It Note. The comments are provided verbatim.

Treasures

"What do you treasure about Yorba Linda?"

- Horse trails, quaint environment
- Horse trail atmosphere
- Beautiful peaceful – small town & what you need & "close to get" in a bigger town in Brea, Orange, etc.

Challenges

"What are Yorba Linda's challenges?"

- How to keep it quaint but grow for the community
- Maintaining the small town feel that drew many of the "old time" residents in the first place
- How to move into an unstable climate future – we are so dependent on car to get around

Visions

"What are your visions for Yorba Linda's future?"

- Better restaurants for the residents! Don't make us drive elsewhere!
- Safe peaceful, community full of young and old, a sense of optimism for the future but respect for the past.
- Encourage the use of native plants, less H₂O use; continue to maintain trails and open space

Exercise II: Group Input on Priorities for Equestrian Services

Participants were divided into 3 groups. Each group was asked to determine as a group the most important facilities and programs for equestrians in Yorba Linda and answer questions provide on worksheets. The following were the groups' responses to the worksheet questions.

1. *Please list the 3 most important programs your group believes should be offered for equestrians in Yorba Linda.*
 - a. Group 1:
 - i. Boarding
 - ii. Training/lessons
 - iii. Shows/events
 - b. Group 2:
 - i. Lessons/training (individual & group)
 - ii. Shows/competitions
 - iii. Educational programs
 - c. Group 3:
 - i. No City involvement in equestrian programs at all. Just provide safe and adequate facilities

2. *Please list the 3 most important amenities that the group thinks should be included at the Phillip Paxton Equestrian Center.*
 - a. Group 1:
 - i. Large covered arena with good footing
 - ii. Multiple arenas/turn-outs
 - iii. Trailer parking
 - b. Group 2:
 - i. Multiple arenas
 - ii. Covered arena
 - iii. Trailer parking
 - c. Group 3:
 - i. Appropriate footing and fencing and lighting, restrooms, clean water
 - ii. Parking areas with proper surfaces
 - iii. Covered arenas

3. *As a group, please come to a consensus on how you think is the best way for the City to operate an equestrian center. (Please check only one of the possible options below)*
 - o *The City should operate the equestrian center directly and work with equestrian groups to schedule programs & arena time.*
 - o *The City should lease the equestrian center to a commercial equestrian operator to run as an equestrian business.*
 - o *The City should hire an Equestrian Center Manager to run the center to be paid for from fees charged to use the facilities.*
 - o *The City should lease the equestrian center to a non-profit equestrian organization for \$1 per year and have them run it.*

Yorba Linda General Plan

- o *The City should provide an arena only and let groups or individuals reserve it, similar to community center meeting room space.*
- o *The City should establish public hours the arena is available and then contract with trainers, instructors and special interest groups who wish to rent time at the facility.*
- a. Group 1: The City should operate the equestrian center directly and work with equestrian groups to schedule programs and arena time.
- b. Group 2: The City should lease the equestrian center to a commercial equestrian operator to run as an equestrian business.
- c. Group 3: none checked

Senior Citizen Survey (July 2012)

SENIOR CITIZEN SURVEY OVERVIEW

As part of the public input process for the update of the City of Yorba Linda's Park & Recreation Master Plan, a senior citizen survey was conducted in April and May 2012 to gain feedback on how aware seniors are of the programs, activities and services that are available to them in Yorba Linda; if they think any of these programs, activities and services should be expanded; and, if they would be willing to pay a fee for the programs, activities, facilities and services if it was affordable.

The survey also asked for information about their use of the Yorba Linda Community Center for senior programs and their use of the Yorba Linda Public Library. Questions on age, living arrangements, ethnicity, gender and their use of computers was also asked. Finally, the seniors were given the opportunity to make suggestions and give additional comments.

The survey was handed out to seniors participating in activities and programs at the Yorba Linda Community Center, given to members of the Senior Club in Yorba Linda and distributed to seniors using the Library and those participating in other organizations' senior activities. About 1,000 surveys were handed out and 124 were returned. There were some surveys returned where the respondent did not answer all of the questions, choosing to answer only those they wanted to give input on.

The completed surveys represented a good mix of demographics and a good cross section of program participants. While a random written survey is not statistically a representation of all seniors in the community, the over 10% return rate does provide considerable input on senior needs and demand for services in Yorba Linda. This survey, along with direct input from focus groups, interviews and other community surveys, provides a good basis for determining future senior citizen activity, program, facility and service needs.

DEMOGRAPHIC OVERVIEW OF SURVEY RESPONDENTS

Gender

Thirty-one percent (31%) of the respondents were male and sixty-nine percent (69%) were female. So more than double the survey responses are from women. According to the "ESRI" 2010 Census Summary Profile demographic information (this will be used in both the General Plan Update and the Parks & Recreation Master Plan Update), the percentage breakdown of males and females 50 years of age and older in Yorba Linda is 48.5 % male and 51.5% female. In reviewing the attendance figures of seniors in programs at the Yorba Linda Community Center, we found that the response percentages approximate the actual participation rates between men and women. The possible reasons for this and what possible things could be implemented to increase the male participation in senior programs and activities will be discussed in the final needs analysis of the Parks and Recreation Master Plan.

Ethnicity

Seventy nine percent (79%) of the respondents indicated their race as Caucasian; 8% Asian (other than Chinese, Vietnamese or Korean); 6% Chinese; 2% Vietnamese; 2% Hispanic; 2% Native Hawaiian/Pacific Islander and 1% Native American Indian or Alaska Native. The "ESRI" 2010 Census Summary Profile of ethnic breakdown for persons 50 and older in Yorba Linda shows that 80% are Caucasian, 14% Asian, 10% Hispanic, 1% Hawaiian/Pacific Islander, and 3% Native American or

Yorba Linda General Plan

Alaska Native. This means the ethnic percentage distribution of surveys received is generally consistent with the percentage distribution of seniors in Yorba Linda, except for the low response rate of the senior Hispanic population.

Age

The age distributions of the respondents were as follows:

50 – 59 = 11%

60 – 69 = 22%

70 – 79 = 52%

80 – 89 = 18%

90 – 99 = 3%

No one over 100 years of age responded.

The “ESRI” 2010 Census Summary Profile of people over 50 years of age in Yorba Linda is as follows:

50 – 59 = 51%

60 – 69 = 30%

70 – 79 = 12%

80 – 89 = 5%

90 + = 2%

As can be expected, the majority of senior services and program users are between the ages of 60 to 89, with ages 70 to 79 the highest users of senior programs. However, the survey does represent responses from all age groups 50 to 99 using or participating in senior activities in Yorba Linda.

Living Situation

Eighty six percent (86%) of the respondents live independently in their own home or apartment. Fourteen percent (14%) either live in their children’s home or their children live with them in their home. This statistic is most likely due to the current economic situation and to cultural preferences to take care of one’s family. It is consistent with AARP’s findings that over 10% of the seniors in America either live with their children or their children live with them. We did not receive any responses from seniors living in assisted living or full care facilities.

Yorba Linda General Plan

Computer Knowledge & Ownership

Ninety four percent (94%) responded that they own a computer that works and ninety two percent (92%) responded that they know how to use the computer. Ninety one percent (91%) indicated they send and receive e-mail, twenty nine percent (29%) said they use Facebook, and 4% said they used Twitter. It appears that communicating with seniors via e-mail blasts and Facebook will be an effective way of marketing and informing seniors of available programs, activities and services.

PROGRAM AND FACILITY AWARENESS AND PARTICIPATION

Participation in Programs at the Yorba Linda Community Center

Eighty percent (80%) of responders said they participate in senior and other programs at the Yorba Linda Community Center. Twenty percent (20%) indicated they participated in senior programs elsewhere. Seventy three percent (73%) of responders indicated they participate in senior programs with friends or neighbors, while twenty seven percent (27%) indicated they attend programs and activities on their own.

Deterrents to Participation

When asked if there are any deterrents to them participating in programs or activities at the Community Center, seventy four percent (74%) said there were no reasons they could not participate in programs at the Community Center. Thirteen percent (13%) said they could not afford the cost of classes and activities, 4% said transportation was a deterrent, 4% said their health was a deterrent, 4% said they have a disability that prevents them from participating, and 2% said programs at the Community Center were either not convenient for them or did not interest them.

Volunteering

Twenty seven percent (27%) said they volunteer to work in some capacity at the Community Center's senior programs, while seventy three percent (73%) said they did not volunteer. If more volunteers are needed City staff may want to do some follow up surveying to ascertain what it would take to interest more seniors to volunteer.

Use of the Yorba Linda Community Center

Ninety one percent (91%) responded that they have used the Community Center for programs, activities or services. Twenty eight percent (28%) said they use the Community Center daily, fifty nine percent (59%) said they use the center weekly, and thirteen percent (13%) said they use the Community Center once a month or less. The responses here indicate a high degree of repeat use, i.e. eighty seven percent (87%) use the Community Center at least weekly.

Use of the Yorba Linda Library

When asked if they use the Yorba Linda Library, fifty one percent (51%) of the seniors responded that they did, while forty nine percent (49%) said they did not use the Library. Of those that said they use the Library, only 1% said they use it daily, while twenty four percent (24%) said they use the Library weekly. Seventy eight percent (78%) responded that they use the Library once a month or less.

Awareness of Facilities and Programs

Seniors were given a list of senior programs, activities, services and facilities that exist in Yorba Linda and asked if they knew that these things were available to them. The purpose of this question was to ascertain the degree of awareness seniors have of the opportunities available to them in Yorba Linda.

The following table shows the percentage of respondents answering “yes”, that they are aware of the program, activity or facility, the remaining responses either did not know of the opportunity or were not sure if it was available to them.

<i>Activity/Service/Facility</i>	<i>Percentage of “Yes” Answers</i>

Overall, the awareness percentages are good and show that a high majority of seniors are getting the information they need to be aware of the opportunities available to them in Yorba Linda. Those programs, facilities and services that received less than a 70% awareness rating should be looked at

Yorba Linda General Plan

as to how information about them can be publicized more so that seniors are made more aware of these opportunities.

Need for Additional Programs

Seniors were asked to review the list again and indicate if they thought city staff needed to focus on offering any more of the items listed. This question was asked to ascertain if seniors thought that the existing level of offerings is adequate or if there were certain programs, facilities or services that needed to be increased. The following table shows the results of the percentage of responders answering “Yes” that the level of offerings for these items needs to be increased. The remaining percentages did not think any increase in the offering of these programs, services or facilities is needed.

<i>Activity/Service/Facility</i>	<i>Percentage of “Yes” Answers</i>

Yorba Linda General Plan

While an average of twenty five percent (25%) responded that there should be more offerings of the programs and activities listed, an average of seventy five percent (75%) indicated the level of offerings are fine and do not need to be increased. City staff may want to look at those items that received more than 25% “Yes” responses that the offering needs to be increased to see if there is actually a demand for it or if the respondents just like the program and responded accordingly.

Willingness to Pay

The final question dealt with the issue of paying for the items listed. Seniors were asked to review the list again and indicate if they would be willing to pay for the activity, facility or service if they thought it was affordable. This question was included to ascertain the willingness of seniors to pay for existing programs and services if a time comes that tax dollars are no longer available to subsidize or support the offerings. The following chart shows the percentage of seniors responding “Yes” they would be willing to pay for the program, service or facility. The remaining responses were either “no”, they would not pay for the item; or, they were unsure if they would be willing to pay or not.

<i>Activity/Service/Facility</i>	<i>Percentage of “Yes” Answers</i>
Senior Volunteer Program	13%
TRAILS – Senior Mobility Program	28%

Yorba Linda General Plan

<i>Activity/Service/Facility</i>	<i>Percentage of "Yes" Answers</i>
OAP Exercise, Wellness, Quilting & Mature Driving	35%
Senior Tea & Fashion Show	21%

The percentage of seniors that would pay for existing programs, facilities and services if the city were forced to charge for them to keep them going is relatively low. Those items that received a twenty five percent (25%) or higher "Yes" response stand the best chance of continuing to draw participation if fees need to be charged or increased to continue the activity. Willingness to pay should not be considered an indicator of the popularity of a program, facility or service, but rather the perceived value to a senior in their personal budget of what they would be willing to spend their money on.

SENIOR COMMENTS

Seniors were given an opportunity to provide a comment at the end of the survey. The following is a list of the comments received.

- "I would like to see more trees planted on the walking trails"
- "We have been members of the Senior Center since it opened and are proud to have it in Yorba Linda"

- "The TRAILS transportation program needs more days"
- "The exercise programs are excellent, it keeps us healthy and mentally alert"
- "I would like to see a gym with a personal trainer for seniors, this would be an excellent idea to keep senior healthy and fit, many senior centers provide this service i.e. Cerritos Senior Center"
- "I think the senior programs are great and would like to see a new senior center facility so the programs can be expanded"

Senior Club Meeting (May 7, 2012)

Notes

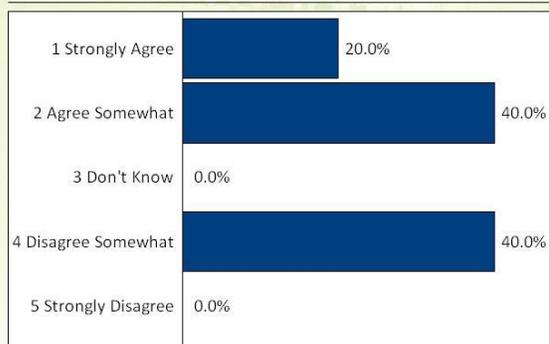

- Is there a way for a Buena Park resident to get transportation to senior activities in Yorba Linda?
 - ACCESS service limited distance, wouldn't reach Buena Park
 - OCTA busses
- Open area outside the Community Center along Casa Loma would be a good location for a senior center
- Surcharge for non-resident participation in sports groups is frustrating

- Craig Tefertiller, Impact Volleyball
- Eric Beck, Impact Volleyball

Selected speaker for each sports group gave an overview and history of their program and comments on issues facing them, their needs and projections for the future.

- A. National Junior Basketball
- Has been in Yorba Linda for 25 years
 - National Organization Yorba Linda Association has players from Yorba Linda, Anaheim Hills, Placentia and Brea

Yorba Linda General Plan

- Have 500+ participants
 - Uses Tommy Lasorda and Travis Ranch gyms
 - Funding comes primarily from registration fees, donations, and fund raising
- B. Yorba Linda Basketball
- Has been in Yorba Linda for 21 years
 - Local organization that plays 8 man teams
 - Participants from Yorba Linda, Anaheim Hills, Placentia and Brea
 - Have 650+ participants
 - Uses Tommy Lasorda, Travis Ranch and Yorba Linda High School gyms
 - Funding comes from registration fees, donations and parent support
- C. Impact Volleyball
- Has been in existence for 23 years
 - Local club volleyball organization
 - Participants are from Yorba Linda, Anaheim Hills, Placentia, and Brea
 - Have 150 – 200 participants in the club, however, 400-500 girls try out
 - Uses Heritage Oak High School gym
 - Funding comes from school support and registration fees

Summary of Issues, Needs, and Requests

- a. Group expressed concerns about the City's non-resident policy and how it's used to prioritize the allocation of gym time. All the youth sports groups draw participants based on the PYLUSD boundaries, which don't match the City boundaries, and they get penalized for having kids on the teams from Anaheim Hills, Placentia and Brea.
- b. Groups expressed a concern that the City policy prohibiting the charging of admission to the City gyms prevents them from hosting tournaments and raising revenue to pay for the fees the City charges them for the use of the gym facilities.
- c. Recently approved fee increases for use of facilities will impact the registration fees for participants for next year, in some cases it will raise the registration fees from \$150 per participant to \$400 per participant in order to cover the increased cost of rental fees.
- d. Groups were concerned that the new fees were adopted without input from the user groups, they commented that their fees went up disproportionately to fees charged by outside groups who rent the facilities.
- e. The groups expressed a need for lighted outdoor basketball & volleyball courts for practice, they currently use school district facilities which are in poor condition and poorly maintained.
- f. The groups suggested a joint development and use agreement with the School District to resurface and light the basketball & volleyball courts at Yorba Linda Middle School. They

Yorba Linda General Plan

anticipate that 8 lighted basketball courts and 4 lighted volleyball courts for practice during the non-day light saving time hours are needed and that an 8pm curfew on the lights would be perfectly satisfactory with them. During the fall, winter, spring months of standard time coaches cannot practice after 5pm which makes it difficult for both coaches and participants.

- g. The groups indicated that over the past two years volleyball has been growing substantially and that more sand volleyball courts and gym time for volleyball is needed
- h. There is currently only one volleyball court at the Travis Ranch gym and a second court would be highly desirable.
- i. The groups understand the relationship between the City and the School District for joint use of the gyms; however, it sometimes seems that the School District has the ability to override the City's use of the facilities thus impacting their programs. Their wish list would be to have a City only multipurpose gym with two full size basketball courts that can be configured to 4-6 youth basketball & volleyball courts.
- j. The groups indicated that the lights on the scoreboards at both the Lasorda and Travis gyms frequently burn out and if it happens on a Friday the lights do not get fixed until the following Monday and that it would be helpful if weekend staff at the two gyms were trained to service the lights on the scoreboards.
- k. The groups indicated that the microphones and speakers for the sound systems at the Lasorda and Travis gyms are not state of the art and frequently do not work properly. Upgraded sound systems at both facilities is desirable.
- l. The groups expressed concerned that the part time staff that work the weekend at the gyms doesn't always know who is supposed to be in the gym or what is scheduled to go on at the facility and there needs to be better communication and training of weekend staff both about the scheduling and the operation of the facility.
- m. The groups reported that although the floors are in good condition at both gyms there is a lack of floor maintenance (i.e., sweeping the floor), to keep it clean between games. They report that the floors are cleaned in the morning before their games begin, however, no one sweeps the floor until the evening after they leave. The groups said they would sweep the floor between games if the City provided them access to the wide dust mops to clean the floors.
- n. The groups reported that the lighting levels at each of the gyms are different with the older Travis Ranch Gym being the poorest quality light. They reported that the new Yorba Linda High School Gym has a state of the art lighting system and that they would like to see the Lasorda Gym and the Travis Ranch Gym lighting be upgraded to the level of Yorba Linda High School gym.
- o. All of the groups requested that the floor at the Travis Ranch Gym be resurfaced because it has become dark with all of the dirt and oils that have been imbedded by the heavy use the floor has received.

Yorba Linda General Plan

- p. The groups would like to see the Park & Recreation Master Plan address and develop a recommendation for better policies regarding how non-residents are treated when enrolled a youth sports program along with Yorba Linda residents. They made the point that youth from Anaheim Hills, Placentia and Brea find it more convenient to play in the Yorba Linda programs with the kids they go to school with, yet there is no reciprocal access to gym facilities for the Yorba Linda programs in Anaheim Hills, Placentia and Brea. They would also like to see the Master Plan address the policy of not being able to charge admissions so that they can host tournaments and the Master Plan address the policy of not allowing them to operate snack bars at City facilities, because if they could, they could raise funds to pay the City fees without having to raise participant registration fees.

Yorba Linda General Plan

Page 5, Q20. Do you have any other comments?		
1	This should be passed out at different venues so you get more of the populous such as in classes, senior centers, schools, etc.	Aug 11, 2012 10:18 AM
2	It would be good to update and re-distribute the YL Hike, Bike, Horse trail map that was produced when Ken Ryan was on the council. It should be for sale for 50 cents on the counter at Lasorda, city hall, ylcc, Travis, etc. Too many trails do not connect to anything useful, except within Eastlake. I have visited parks in Irvine and they were full of people of all age groups using them. The design, location, and neighborhood access (trails, bike lanes, parking) of Yorba Linda parks seem to be deficient compared to Irvine parks (like Woodbridge).	Aug 10, 2012 6:02 PM
3	Make sure all school grounds are open and available for use when school is not in session (weekends and holidays). Many times we have gone to a school to use their grounds only to find the gates locked!	Aug 10, 2012 4:29 PM
4	I am excited to see the City of Yorba Linda continue to fight for the equestrian people of the city, after all, it is this cities roots. Thank you	Aug 10, 2012 2:47 PM
5	Equestrian zoning, trails, and facilities are rare amenities offered by cities throughout the State. The community of Yorba Linda has deep roots in agriculture, including livestock. It is a breath of fresh air to see a City not abandoning its past. it would be ashame to see developers, politicians, and the newer generation of YL resident take this away.	Aug 10, 2012 2:26 PM
6	I think Yorba Linda should add a horse arena in the lakebed area. One possible location would be at the Southwest corner of the lakebed along Lakeview. I think a covered arena with parking and restrooms would be a great addition to Yorba Linda. I understand that the city has money set aside for such a facility.	Aug 10, 2012 2:10 PM
7	I think the current parks are great. The only reason I leave our community to go to another is for a splash park. It would be nice to have a splash park within our own city.	Aug 10, 2012 11:51 AM
8	Be frugal with our resources, financial and otherwise. Do not engage in projects that benefit only a small portion of our community. If the project will not be used or appeal to 75-80% of the residents, do not provide the service	Aug 10, 2012 10:40 AM
9	Build the equestrian center that was promised to the community years ago. What happened to the money that was dedicated to that. Yorba Linda promised, it's time to deliver. I would be interested in making a sizable personal contribution for it.	Aug 9, 2012 9:16 PM
10	Have resident and non-resident fees for all facilities. Residents buy yearly or quarterly sticker or such. Non residents pay daily usage fee. Community gardens? Really need dog park.	Aug 9, 2012 5:14 PM
11	Money has already been set aside for an Equestrian needs and I do not believe that more taxes are needed. Unfortunately, houses continue to be built before the center is put in. The current center footing is bad and it is often busy with organized activities that make casual working of my horse almost impossible. We need a well 2 well maintained arenas for the amount of people that use it. Other organized activities have plenty of places to play.	Aug 9, 2012 3:16 PM

Yorba Linda General Plan

Page 5, Q20. Do you have any other comments?

12	I truly appreciate your willingness to listen/respond. Thank you for the programs, parks and so forth that you offer and support. Would LOVE to see more attention and funding to the Equestrian Community. Thank you.	Aug 9, 2012 2:27 PM
13	I think that our tax base is quite high and that finding cuts elsewhere to fund parks is the best solution. No to any new tax if we can't afford it then we need to make cuts, or ask for voluntary.	Aug 9, 2012 12:46 PM
14	None	Aug 9, 2012 12:41 PM
15	I would like to see Black Gold Golf course improved to be more "friendly". The course is extremely difficult, and I know many residents including myself that play outside of Yorba Linda because other courses are more enjoyable. This would attract more players, and keep them coming back.	Aug 9, 2012 10:09 AM
16	thank you for connecting with the community before making decisions on your own that directly affect us.	Aug 9, 2012 9:55 AM
17	The City of Yorba Linda does a great job in what it already offers, but an Arts Commission or some other arts agency may make a difference in the activities that are offered for non sports-orientated families.	Aug 9, 2012 8:12 AM
18	A full equestrian center...privately run...would benefit our huge horse community as well as non horse owners. Would be a great new outdoor activity and would pay for itself!!!!	Aug 9, 2012 7:39 AM
19	I feel that the taxpayers already pay enough for sports activities (i.e. baseball and soccer fields, basketball courts, and equestrian facilities). Those who use those specific facilities should pay fees to use them. Parks and open space benefit everyone, so taxes to maintain those areas are justified. Parks and recreation departments should not be making decisions regarding cultural and fine arts. The facility would be at the mercy of the economy and government cutbacks, which may include cutting back hours, employees, and programs. Parks and rec should not be competing with private sector ventures.	Aug 9, 2012 12:31 AM
20	We would love to support more parks support. However are leary Of the way governments tend to to spend allotted funds in other ways. Is there a "fool-proof" way of keeping those funds for parks/improvements?	Aug 8, 2012 11:12 PM
21	I moved here with the promise of an equesetrian center that houses horses. I am still waiting, please honor the city's word	Aug 8, 2012 10:39 PM
22	"Land of Gracious Living" involves more than Sports Parks! I think we have enough sports venues and now need to develop other types; ie. performing arts, equestrian, senior center.	Aug 8, 2012 10:29 PM
23	Would love to see all the trails in YL have connection. I can not ride from west end to east end safely, this is a real shame, 100 miles of trails but no way to get to them. Also feel the long promised Equestrian Center should happen ASAP.	Aug 8, 2012 10:28 PM
24	With all the public stables closing and YL has been promising a public stable for SO LONG.....maybe I'll still be alive and able to use it ????. I sure hope so.. WE NEED AND WANT THIS NOW!!! QUIT DRAGGING YOUR FEET !!	Aug 8, 2012 9:49 PM

Yorba Linda General Plan

Page 5, Q20. Do you have any other comments?

25	We don't need a new equestrian facility! I have an equestrian facility and not one of my boarders lives in Yorba Linda! Why is that? Horse owners in Yorba Linda have horse property or know someone that does. I would think that best use our city money be spent on making improvements on existing equestrian facilities like covering one of the arenas at the Paxton facility, protecting feeder trails and adding more feeder trails.	Aug 8, 2012 8:40 PM
26	Would love a performing arts center and an equestrian center that was promised back when we moved here. It was going to be in East Lake! I'm still waitin'!	Aug 8, 2012 8:21 PM
27	I can't encourage enough the "Community Pool" idea.	Aug 8, 2012 5:12 PM
28	Moved to Yorba Linda about one year ago. Looking forward to learning more about the City as my young children become more involved in youth sports, recreation, and development activities.	Aug 7, 2012 8:09 PM
29	We lived in a master planned community in south OC and the condition of the parks were horrible. The city of YL has done an outstanding job of keeping the parks in our community in beautiful condition and very clean. We also love all the community programs you offer to the residents. There is so much community pride and support here. We are so glad we moved here from Ladera Ranch.	Aug 6, 2012 10:22 PM
30	None	Aug 6, 2012 8:11 PM
31	No more taxes please.	Aug 6, 2012 6:21 AM
32	The parks YL has are very nice. It was sad when some burned in the fires. I wish there was a community pool in YL or make the H.S. pools available for Open rec swim during the summer!	Aug 5, 2012 11:11 PM
33	Please seriously consider creating an independent/formal Arts and Culture Commission (one that is not under Parks and Rec). Every surrounding city has one except Yorba Linda. We are not sure why YL does not have an Art/Culture commission.	Aug 5, 2012 7:43 PM
34	With the exception of a few events put on by volunteers, this city is completely lacking in cultural and fine arts. When I want professional level entertainment, I go to Costa Mesa, Irvine, Fullerton-- even Brea (festivals). If I want to go to a movie, I spend my money in Anaheim Hills or Brea. Decent restaurants? Slim pickins in Yorba Linda.... Our city is a cultural desert.	Aug 3, 2012 9:46 AM
35	Please build a Public Lighted Tennis Courts!!!	Aug 2, 2012 5:57 PM
36	We are all tired of spending all our money in Brea and Fullerton for entertainment. Why does Parks handle cultural arts activities, all other cities have a separate Arts commission, that is why they have such great programs. Me and many of our friends volunteer at their fundraisers and events.	Aug 2, 2012 5:38 PM
37	There are very few places within the city to let dogs run free. I walk my dogs on the trails but have to kep them on leash. It would be great to have a dog park in YL for people to bring their dogs for exercise off-leash	Aug 2, 2012 2:05 PM

Yorba Linda General Plan

Page 5, Q20. Do you have any other comments?

38	I wish there were more parks, like Brush Canyon, within the communities (walking distance) where my kids could go play... with multiple basketball courts. Maybe add some courts to existing parks. Additionally, Yorba Regional Park's softball fields should be maintained better. It was tough to play there after playing the that new Brea Sports Complex (off Birch). Some of the outfields at Yorba Regional are full of sand. It's dangerous to play there in my opinion. I did see one of the fields roped-off like they were doing some work, which was good to see.	Aug 2, 2012 12:41 PM
39	I would like soap at the parkts.	Aug 1, 2012 8:52 PM
40	YORBA LINDA NEEDS A DOG PARK!	Aug 1, 2012 5:33 PM
41	Appreciate the well kept maintenance of Yorba Linda	Aug 1, 2012 12:17 PM
42	The City of West Covina recently posted on their web-site the addition of beautiful new jumps for their equestrian center; the facility has no boarding but creates revenue by renting out their arenas to different organizations. http://www.westcovina.org/cityhall/rec/equestrian/default.asp	Aug 1, 2012 8:02 AM
43	No more taxes	Jul 31, 2012 9:14 PM
44	I would like to reiterate that a full gym facility at or near the Y.L. Community Center, would be fantastic! Brea Community Center has the best deal in town.	Jul 31, 2012 5:03 PM
45	Putting in a bathroom facility at Arroyo park like the one at San Antonio would benefit all who use the area.	Jul 31, 2012 11:54 AM
46	The Welcome Sign for YL Has a Horse on It!!! We need to maintain the Equestrian Heritage and Keep the Rural Living in place... if people want a CONCRETE CITY they need to move to a Concrete City.... YL IS AN EQUESTRIAN CITY AND I WOULD LOVE TO SEE IT STAY THAT WAY!!! Thank you	Jul 31, 2012 11:14 AM
47	Stop putting off what has been promised for 20+ years.	Jul 31, 2012 9:19 AM
48	Trails are very important. Keep them from being encroached on and make them more connected.	Jul 31, 2012 7:39 AM
49	All park bathrooms need to provide hand soap	Jul 30, 2012 10:31 PM
50	WE NEED!! an equestrian center, PLEASE you have promised it for YEARS.....I don't live in YL but I need a place to keep my horse !!! PLEASE!!	Jul 30, 2012 6:44 PM
51	We should add a park for dogs. Lots of people in Yorba Linda onws pet and it will be great that we could have our own park. I drive to Fullerton and some time to Buena Park to use their park for dogs.	Jul 30, 2012 5:49 PM
52	Yorba Linda boasts of being an equestrian town, it is time they honor this title and build the long over due equestrian center. It could provide so much for so many beyond equestrians, our public schools would benefit with an equestrian team, the sheriff would have a place to house their horses and the list goes on.	Jul 30, 2012 5:13 PM
53	I only moved to Yorba Linda because it was the most horse friendly area with	Jul 30, 2012 4:35 PM

	the most horse trails without going all the way to Norco. We should have a large Equestrian Center for all the horses!	
54	Keep up the great work. Adventure Playground was awesome again this year.	Jul 30, 2012 3:33 PM
55	yes, our parks are horribly maintained. We need to look at other cities and start taking notes. Just one example, The Vista Del Verde park is overwatered and then gets destroyed and I feel like the city wastes our money not properly maintaining our parks. We need to look at Brea Sports Park as an example of how to build a facility that meets multiple groups and also is maintained very well.	Jul 30, 2012 12:47 PM
56	Would like to see arena space added to Paxton Equestrian Center. Much of the equestrian community rides there and adding arena space would alleviate overcrowding at a fraction of the cost of building a new facility.	Jul 30, 2012 11:48 AM
57	We visit Jessamyn West Park weekly. But that park was not listed in your survey. There are several children and families that visit that park. It would be helpful for safety purposes to build a fence of some sort on the Yorba Linda Blvd. side of the park so that children cannot run out on to the street. We love all of the parks in YL and hope the city continues to maintain and upgrade them.	Jul 30, 2012 10:20 AM
58	Loved that military flags with active military was added to our streets. Keep up the eclectic classes offered at the community center and around the city. Take a close look at Brea who I think is a "together" city with it's downtown promenade, nice parks, Curtis Theater, Art sculptors all around city, cleanliness, and overall appeal to the young and aged! Yorba Linda has a way to go. There is not one place you can park, and enjoy a theater, restaurants, shops, coffee houses, art classes etc, etc. Also, the community center MAY not get people renting it due to its outdated color palate. We did not chose it for a retirement reception based on its' mauve appearance!	Jul 30, 2012 9:35 AM
59	The city needs to use the existing funding to maintain and create facilities. NO NEW TAXES.	Jul 29, 2012 10:08 PM
60	Yorba Linda is a great community and overall we like all your programs...thanks	Jul 29, 2012 8:17 PM
61	Like to see City / community owned pool and tennis courts at the available property (previous equestrian center site) by Vista Del Verde Park	Jul 29, 2012 2:25 PM
62	Please keep all recreational programs and classes. Open spaces are important, especially when well watered and green. Thank you.	Jul 29, 2012 1:44 PM
63	Again, I would like to see the common areas of east yorba Linda maintained as well as west yorba Linda. In paticular, via lomas de yorb. There are many light posts with cracking concrete that could prove to be dangerous in an earthquake. The grassy areas are all dying due to lack of water and La Palma Avenue east of yl blvd. desperately needs to be paved. I love my community and I think the city does a great job with the funds they have, but I believe east yl needs some attention.	Jul 29, 2012 8:02 AM
64	More of all of the above would make for a wonderful life in Yorba Linda. :)	Jul 29, 2012 5:39 AM

65	would like more available volleyball courts, not in the sand	Jul 28, 2012 7:22 PM
66	I submitted a letter to the Parks and Rec Dept. concerning a dog park for Yorba Linda. I have NOT heard of any action towards this project. I would appreciate a response.	Jul 28, 2012 1:38 PM
67	It would be nice to have the city offered classes advertised more, maybe at the schools or businesses. I thought the banner at Nohl Ranch and Imperial was good but I think that was promoting the city of Anaheim program.	Jul 28, 2012 11:37 AM
68	There should be a place where all members of the family can have fun and participate with our neighbors without having to join team. A open community center similar to what Brea has offered it residents would be a welcome addition to Yorba Linda.	Jul 28, 2012 11:08 AM
69	We have lived in Yorba Linda for only 4 months. So most of the questions I could not respond to. I have used the Senior Center and a computer training class as well as signing up for the meal program. We have used the walking trail a few times since we have moved here. That has been basically our use of the parks/rec system. The santa ana zoo once.	Jul 28, 2012 10:39 AM

72	YL has many facilities and activities available that are no publicized. For example, I own a horse here and I have NEVER heard of the quarter horse staging area. Also, I would like a map of the available trail system, and don't really know how to get that.	Jul 28, 2012 7:55 AM
73	We LOVE living in Yorba Linda! :) East Lake Village is an awesome community!!! :)	Jul 28, 2012 2:05 AM

78	Yorba Linda is a great place to live. You people do a good job!	Jul 27, 2012 5:32 PM
79	Yes, i remember when we all loved what you did in parks.... now, seems the landscaping has gone down big time.. many of us talk about it and wish it were not so. Now, we are no longer at the head of the nicest park systems. Also We attend other cities concerts in the parks, they are much more fun, more age groups attend and lots more fun, lots more passion there... YL is no appealing to older crowd... the one at Anaheim Hills .. JOURNEY was Awesome !!! they had twice if not 3 times as many people as yours.. ours.. .AND IT WAS a Thursday nite !!!! 80	Until this Survey, I did not know a majority of the Y.L. Parks existed. I was unaware of the parks in the Central and Eastern part of the city. Maybe advertising all of the parks and the amenities they provide would help. At least in the Park and Rec Activities guide. The Recreational Facility Locations listed on page 44 of the Fall 2012 guide doesn't tell me what these parks/facilities have available. Are there hiking trails, or is it a sport park, or a greenbelt for picnics? I looked at this page because I didn't know where these parks were in your survey. I am surprised we have so many. Thank you for your time.	Jul 27, 2012 5:09 PM
81	There is or should I say was a nice greenbelt behind my house on Via Buena Suerte and the city was nice enough to rip out the trees and grass in 2007 and never replace it. How about fixing that first before you ask me for more money.	Jul 27, 2012 4:57 PM
82	I fell the waste of time and loss of money for the Friends H.S. is the biggest waste and pushed by the board members. This town need it's own fields for playing instead of traveling all over town for practice...same with a pool.	Jul 27, 2012 3:17 PM
83	Since the city has a major budget deficit, the City needs to maintain what they have and not even consider more buildings or expanding any programs, unless they can help to provide a positive cash flow for the city.	Jul 27, 2012 12:45 PM
84	We need a dog park as soon as possible.	Jul 27, 2012 11:32 AM
85	Keep up the great work! Focus on a Dog Park or two, we need one at both ends of the city...	Jul 27, 2012 10:18 AM
86	The undeveloped tank farm next to Lakeview Elementary school should be turned into a park.	Jul 27, 2012 10:05 AM
87	I would support a tax increase if the money was used to develop the property at the corner of Yorba Linda BL and Prospect into a city park or performing arts center instead of low-income housing.	Jul 27, 2012 8:31 AM
88	Please provide lakes with stocked fish for fishing	Jul 27, 2012 7:28 AM
89	Great job!	Jul 27, 2012 5:23 AM
90	My family has been waiting for a park on Lakeview north of Bastanchury for over 5 years! It's very disappointing that Yorba Linda lacks the parks/playgrounds for families with small children, compared to other cities like Irvine.	Jul 27, 2012 12:48 AM
91	Our YL existing parks NEED to have the playgrounds cleaned! Really dirty!	Jul 26, 2012 11:04 PM
92	Shelly Saunders who does programs at Travis Ranch is the most amazing teacher I have ever met. I would sign my children up for just about any class she was teaching!	Jul 26, 2012 10:59 PM

96	Hurlless Barton needs benches in the shade, on the east side, at the curved area, the benches on the west side sit right in the sun. Like one big curved bench that would run along the circled area of cement, and would get the shade from the big old trees there. TriCity park needs bathrooms by the playground, not a mile away like they are.	Jul 26, 2012 9:51 PM
97	I think that the new sports Complex in Brea and the Brea Community Center Activities are good to model after. I think we need a public pool for those of us who don't have a pool. I think Yorba Linda needs to have better trails for both bike riding and walking. We need to maintain the spirit of the nature of Yorba Linda. Most people drive from East YL West into OC to work, rarely do people live in YL and drive East to Corona, etc to work. Because of that (not just because I live in West YL), I think we need to improve the West side. We have a great start with the Field House and Community Center, but we could use more here. Just like the Concerts in the park, they could be 8 weeks, not reduced to 4.	Jul 26, 2012 9:32 PM
98	Shapell Park was not on the list...we use that park all the time. We live in East Lake, we use all the facilities offered to homeowners. It would be great if Yorba Linda had it own community pool for the residents.	Jul 26, 2012 9:06 PM
99	Bad timing to increase taxes with the state of the economy. Small business are closing and people are without jobs right now.	Jul 26, 2012 9:05 PM
100	I think the city should consider a tax on sugar-sweetened beverages to help raise funds for parks and recreation!	Jul 26, 2012 8:47 PM
101	we do not need any more money spent on horses!	Jul 26, 2012 8:42 PM
102	Building up the value of an equestrian community is valuable	Jul 26, 2012 7:55 PM
103	I would highly recommend the construction of an Indoor Swim Center in YL. It'll bring families together, and provide recreation to people of all ages who don't have pools at home. An indoor pool can also host water aerobics lessons for seniors, which is therapeutic in many ways. I think the City of YL will be extremely short-sighted by not providing an year round usable indoor pool to such a vast community. We have so many varieties of sports offered but absolutely no aquatics!	Jul 26, 2012 6:58 PM
104	Comment about the possibility of \$\$ spent on an equestrian center....that would serve only a very small population of Yorba Linda and something that I would not want to support financially!	Jul 26, 2012 6:51 PM
105	Since YL residents pay taxes to maintain our facilities we should have the facilities and programs for YL resident's use. So for instance, for fireworks for 4th of July we should charge a premium for anyone entering YLMS without a YL address on their license so YL people have space to view them. Same for other programs and activities.	Jul 26, 2012 6:42 PM
106	I use the city facilities and programs for my grandchildren ages 4 and 2.	Jul 26, 2012 6:33 PM

110	Don't care for the lack of security and increase of transients at the local parks. Not interested in opening more parks which (like Yorba Regional) which are not family friendly but homes for persons who are criminal and not expected to pay taxes for upkeep.	Jul 26, 2012 5:51 PM
111	We need more shade over existing parks. How about sail shades?	Jul 26, 2012 5:33 PM
112	I'm opposed to the construction of an equestrian center. This type of programming is somewhat elitest, as it serves only a small interest group.	Jul 26, 2012 5:17 PM
113	Build new smaller parks wih playground, sport park with pool.	Jul 26, 2012 5:02 PM
114	I love the Parks and Rec. classes and programs...wish they were more affordable for my family.	Jul 26, 2012 4:24 PM
115	I think we have enough "sports parks" especially now with the new high school. I really think we could have less street lights.	Jul 26, 2012 4:20 PM
116	I really do feel that the city council needs to address issues for 92887. We do not need a cute downtown. We need to provide access to YL activities and senior services out on la Palma. Fixing the road would be a good start. It is woefully apparent that no one on the council lives out here	Jul 26, 2012 3:56 PM
117	I love the classes offered through the city. However, I have taken a few classes either myself or for my 2 toddlers that were lower quality. The instructors did not seem to have the teaching skills to reach the toddler/early childhood age, and it was rather frustrating to feel like I needed to jump in and help the teacher. Having a formal assessment for feedback for each class would be helpful.	Jul 26, 2012 3:35 PM
118	I'm sorry I am no that helpful with this survey. My children are grown and no longer live with me. When they were young I was always at the YL Community Center. It's a great place for kids. Having said that, I no longer go to the parks any more either. But living in YL is great and nothing that I can see needs to be added, expanded to, improved, etc. Try and keep cost low. People are already struggling with the high costs of living, food, gas, etc. Thanks for asking!	Jul 26, 2012 3:10 PM
119	Our city council has a lot of problems and has wasted our money and resources. If they were better at managing resources, I wouldn't mind paying a bit... however I given their current record I would in no way support an increase in taxes.	Jul 26, 2012 3:08 PM
120	YL provides so many good programs and classes for all ages. I would like to see tent covers over all the children's climbing equipment. The material used is way too hot for summer use.....even spring and fall. California weather is usually warm.....this would really help the kids from getting burns when sliding....and even overexposure in the sun.	Jul 26, 2012 3:07 PM

We also LOVE the 4th of July firework party and the Concerts in the Park. We miss the Fiesta Day's Parade. We hope you continue to provide cross gender/age activities that whole families can enjoy!	
122	None, except what I have seen everything is just fine.	Jul 26, 2012 2:56 PM
123	I really enjoy the classes Yorba Linda Parks and Rec puts on. We are looking forward to taking our son to visit Santa in December. We have also participated in other classes (the tiny tots sports and music programs) and my son really enjoys all the classes.	Jul 26, 2012 2:48 PM
124	What about adding new restaurants? I moved here a year ago and haven't found very many good places to eat in Yorba Linda. Thanks!	Jul 26, 2012 2:38 PM
125	Tricky way to get a tax . I feel used and recent that.	Jul 26, 2012 2:36 PM
126	I would like shade tents added to some of the parks where there are not enough trees to provide shade over some of the playgrounds. This would make it more family friendly especially in the hot summer months.	Jul 26, 2012 2:28 PM
127	None	Jul 26, 2012 2:11 PM
128	We also frequent Jessamyn West Park, which was not on your list.	Jul 26, 2012 2:00 PM
129	Yorba Linda does a great job with parks..just need water play added for summer months and possibly shade over playgrounds. That makes a big difference. Noticed that Brea has been putting shade up in it's parks and really enjoyed it.	Jul 26, 2012 1:52 PM
130	A well designed sports park for the city to hold city tournaments for children and adults would be nice.	Jul 26, 2012 1:38 PM
131	Please help teens with a sports complex facility they dont have anywhere to go, This is a problem in yorba linda. Our teens are spending money in Anaheim and other cities because yorba linda doesnt have a place where they can go have clean fun. This is a problem a real big big problem. I hope we can help our teens in this area.	Jul 26, 2012 1:37 PM
132	Community pool would be nice	Jul 26, 2012 1:25 PM

139	You offer terrific programs! thank you!! Ther personnel are professional and likeable. We do not have the resources in this economy to pay more and would love to see lower prices so we could participate more.	Jul 26, 2012 12:55 PM
140	If the primary driver for this survey is to find out if there is interest in supporting a tax, especially for a performing arts facility, my answer is an emphatic NO.	Jul 26, 2012 12:54 PM
141	Suggest the Yorba Linda Community Center increase the size and utilization for Senior Bridge. Very crowded and also sometimes our single room is rented out and we have to wait for it. Need to put more emphasis on what seniors (there are so many of us) would like to experience. Need more room and not rent out our room to others who never vacate it when they are supposed to and then we have to stand and wait in the hall. The Staff are wonderful and so is the facilities gentleman.	Jul 26, 2012 12:53 PM
142	Please keep Adventure Playground! This is a unique experience for kids today. My son has gone the last 3 years and absolutely loves it. My daughter plans to go for the first time next summer.	Jul 26, 2012 12:45 PM
143	I think that Yorba Linda has a fantastic community and our parks and recreational activities add tremendously to it!	Jul 26, 2012 12:39 PM
144	The parks need shades for the jungle gym play areas. A good example of a good shaded play area is Brea sports park. Yorba Linda is in desperate need of additional parks and play areas for kids. It would be nice to see the city mirror what irvine has done with its parks. Current parks are often overcrowded and poorly maintained.	Jul 26, 2012 12:39 PM
145	current senior programs are boring. There also is no good day care for seniors in YL. My neighbor just needed that and has had to go to another city for her needs. we need some kind of theater facility that can support mucial and theater events. you have to go outside of YL for these, also. overall P&R does a credible job as far as parks and things for kids is concerned. But we also have adults in town! Let's find some good things for them to do as well! Thanks for the opportunity to give input.	Jul 26, 2012 12:30 PM
146	The City of Yorba Linda provides great programs and facilities for our family. We wouldn't want to live anywhere else, in part because of the great programs and parks that the city provides. I do take issue, however, with the new fee schedule for reserving park shelters. This used to be free until recently when it was raised to \$60. I do not have a problem with paying a reservation fee of some kind, but to go from \$0 to \$60 is extreme to say the least. Because of this high fee we will no longer be utilizing the picnic shelters, which is a shame.	Jul 26, 2012 12:18 PM
147	I love living in Yorba Linda and the City does a fantastic job with services and parks for the residents. Thank you!!	Jul 26, 2012 12:16 PM

	<p>has not done enough to develop Vista Del Verde Park. Vista Del Verde community is one of the highest paying property taxes in the city of Yorba Linda and that has not been enough to develop our own park! Now we have 2 empty lots with grass waiting to be developed....Sad. Also, I have enrolled my children in different classes through the City. Some are good and some are not. It would be nice if the city would make sure to offer good quality programs or classes only. Not so good, Little Fyft Soccer 3-5. Not a good proram for 4-5 year olds. When I tried it was like free play time! No structure at all. I had to enroll my son in the soccer class through the City of Brea. They have an excellent program there! Another not so good class was the Hip Hop class. The teacher was always late and would leave the class for bathroom breaks; the class was only 45 minutes long!! 2 years ago I was driving to East Yorba Linda to McCoy Rigby's Accademy of the Arts. They have good quality programs there. The commute was not something I enjoyed. I would love to have good quality programs closer to home. Piano Class is a good class. I really like it, I see my children learning how to play piano. Too bad it only goes up to level 3! The ice Skating class was also good. Kips gymnastics is also good. I will keep on trying the different classes that the city offers. I like the fact that we are able to get a refund if we are not happy with the class. It would be nicer if we had at least two weeks to decide wether we like the class or not, and still be able to get a prorated refund! Hopefully the classes and the programs the city offers will improve with time. P.S. Please develop Vista Del Verde Park 1 and 2. Please advocate for good quality programs!!</p>	
149	<p>more than anything, we need shady places. Open areas are too hot in the warmer months. KandoPonds can make pondless water features that basically recycle the water they use in a reservoir, that type of feature would be very pleasant to visit and peaceful to see and enjoy. Space with shade and water. They can even make shallow streams that reuse their own water supply.</p>	Jul 26, 2012 11:32 AM
150	<p>Rio Del Oro Park is not in good condition, the equipment is old, fading and somewhat boring for the kids. This is a highly used park in a neighborhood with many children and it desparately needs updating. Other parks in the YL area seem to be updated and or at least look decent with fresh paint, etc. Very dissappointed in this park.</p>	Jul 26, 2012 11:27 AM
151	<p>The entire county needs more skate parks such as; Etnies, Ayala Park in Chino, Volcom, and Hurada. These are usable parks. Brea is a waste of space.</p>	Jul 26, 2012 11:25 AM
152	<p>I would recommend focusing on maintaining current parks and looking at a sports complex. Please do not focus on a Performing Arts Center or an Equestrian Center. They would cost more to build and run than the money they would make and there is not real need for it.</p>	Jul 26, 2012 11:25 AM
153	<p>Just as I said twice before, Yorba Linda REALLY NEEDS to have some water spouts for kids to run around in..I know alot of people have pools here, but its a FUN activity that should be added to at least ONE park in YL.. Preferably Box Canyon or Bryant Ranch Park (Bryant Ranch and Travis Ranch Park have ZERO shade and its miserable in summer). Bryant Ranch AND/OR Travis Ranch Park's playgroud should also have a COVER over the play equipment. Thank you :)</p>	Jul 26, 2012 11:22 AM

	us want to live in the city is the Parks & Recreation Dept! We have two young children and the programs offered for them is excellent; the best in O.C. We have been very pleased with staff interaction and customer service has been outstanding. We would love to continue to see the COYL improve and strive for the very best P&R Dept. Thank You!

157	I would hope that the park on Lakeview next to the Foxfield homes, stays like it is, mostly grass, with possible fitness stations or sidewalk around the grass area. A lot of families and kids use this grass area for all kinds of activities. Lots of dogs out playing. Please keep it simple and a quiet neighborhood park.	Jul 26, 2012 10:57 AM
158	I feel the cost of fitness program is too high compared to other fitness center.	Jul 26, 2012 10:56 AM
159	YL Parks and Rec does a great job. We really enjoy the classes offered but would love to see even more. Hurless Barton is my kids fave park. It is very well maintained.	Jul 26, 2012 10:54 AM
160	A dog park would be amazing not only for the pets , but at these parks people usually socialize with each other creating a closer knit community	Jul 26, 2012 10:53 AM
161	no	Jul 26, 2012 10:53 AM
162	Would LOVE to have a place nearby to take our dogs for "unleashed" play. I heard that Brush Canyon might add a Dog Park. What happened to that fantastic idea?	Jul 26, 2012 10:48 AM
163	Focus for he city should be managing their current budget and making sure the city is able to meet its basic obligations. The city council and city management is more interested in their own political agendas than doing the right thing. Having parks and a sense of community is great and we need it but please cover the basics first.	Jul 26, 2012 10:45 AM
164	We moved into Vista Del Verde in 2004 and have yet to see a park in our neighborhood. This needs to be rectified ASAP, so our children have a place to play and hang out. Please put a water feature in like other cities have as well.	Jul 26, 2012 10:41 AM
165	When my son was yonger, we used the parks and rec programs ALL the time. They are excellent and I can't recommend them enough. But now my son is older, there isn't so much for him anymore. Would like to see more activities for teens that match his interests: gaming camps/tech camps, seminars on careers, college prep. Also more classes on yoga in the evening since I work. Thx!	Jul 26, 2012 10:39 AM
166	You offer a variety of quality programs. Great job! Thanks.	Jul 26, 2012 10:38 AM
167	We pay ENOUGH taxes, try using the money you receive from taxpayers more wisely. Try making YL more appealing to YOUNGER families. In the past 10 yrs, there has been a sharp reduction in younger families in YL and the surrounding communities due to cost of living. Now, with housing prices still low,	Jul 26, 2012 10:24 AM

	you should be focusing on attracting younger families that will plant their roots. Hopefully THEIR children will do the same, and so on...	
168	my wife and I are currently enjoying the Line Dance Classes at the Lasorda Community Center, I think a Frisbee golf course at Yorba Reginal, or at a park that could handle it would be a nice addition to our city, Currently we need to drive to Chino Hills Park.	Jul 26, 2012 10:19 AM
169	I live in the Kerrigan Ranch community. We have very limited sidewalks and no park within a short walking distance. Yet we pay a Mello Roos tax. I would love to see a park in the area near the new Yorba Linda high school.	Jul 26, 2012 10:18 AM
170	Again it would be nice if there were a place to go during summer for swimming for those of us who don't have a pool and cannot afford an annual membership at a club to go swimming. Finally, making sure there is adequate shade/coverage at the parks.	Jul 26, 2012 10:14 AM
171	I don't feel the city council has an interest in city parks and open areas. They seemed to be most concerned with building more houses. It doesn't seem like the concerns of the Yorba Linda residents matter.	Jul 26, 2012 10:11 AM
172	Overall I think the Yorba Linda and the surrounding cities do an excellent job of providing facilities and programs to the community. I would just like to see a volleyball and tennis league that younger kids could play actual games in. (It looks like volleyball leagues all start at 5th grade level.)	Jul 26, 2012 10:11 AM
173	Instead of taxing, I would prefer to see fundraising. I think you have a very professionally run P&R program.	Jul 26, 2012 10:10 AM
174	I would support park taxes if the people of YL would have had the right to vote whether the brea police dept stayed in our city. but as it stands, the people do not have any say as to where our tax dollars go. Brad and Kim Gove	Jul 26, 2012 10:10 AM
175	a community pool would be a great addition to our city. thanks!	Jul 26, 2012 10:08 AM
176	I would like to see a Movie Theater in Yorba Linda that is within walking distance from Main Street. Most people I talk to agree that this would be a nice additional to Yorba Linda along with the Skate Park for the youth.	Jul 26, 2012 10:06 AM
177	Need a restroom and improved parking at Fairmont Knolls. At the very least, please enforce the 2-hour parking limit at the curbside parking area. It is difficult to find any parking available except in the nearby residential areas.	Jul 26, 2012 10:03 AM
178	YL does a wonderful job maintaining the parks, the classes offered are many. We outshine the cities around us. It would be great to have a city pool but probably not necessary since there seems to be so many pools in the area, but something nice to have, if i had to pick something the city is lacking. I know many want a dog park but I don't think it's necessary since we already have so many wonderful parks in our city.	Jul 26, 2012 10:02 AM

	has done a great job. I would like to see a dog park added and I think many people who live in Yorba Linda would agree. Thank You.	
181	You have some great art programs offered for young children but I think that some of the time periods selected for the classes make no sense. For example, a preschool drawing class that begins at 2:30 pm; most moms are picking up older children from school at this time so they cannot have their younger child take the class, though they would if it were scheduled earlier in the day.	Jul 26, 2012 9:59 AM
182	It would be great if you could offer free swim times at Yorba Linda High school's pool or have a community pool where residents (and others) could pay a small fee to come and swim (especially on the weekends). It gets so hot here sometimes, that we are always at Brea Plunge...would be nice to have a place like that closer.	Jul 26, 2012 9:59 AM
183	My husband and I recently rediscovered the horse/bike/walking trail in YL and have really appreciated it's upkeep and convenience. Thank you!	Jul 26, 2012 9:55 AM
184	Yorba Linda is a great city but we need to keep it that way for the long haul! Thank you,	Jul 26, 2012 9:53 AM
185	It would be nice if the city could enforce dogs being at parks on their leashes. Too many people let their dogs loose around children. Maybe a park that is specifically for dogs might be a good idea.	Jul 26, 2012 9:53 AM
186	I would like to see lower fees when renting space in the community center. On my opinion, the cost of carrying insurance to use the space for one day is outrageous. I wanted to rent the dance room for my daughter's party and thought the price was very high for a community center.	Jul 26, 2012 9:51 AM

190	My property taxes in Yorba Linda are outrageous. Almost \$7000 a year. Is that money helping parks?	Jul 26, 2012 9:46 AM
191	Thank you for offering the programs you have and the existing parks!	Jul 26, 2012 9:46 AM
192	It would be great to have a pool that is child friendly with splash area!! Something similar to "splash" park in La Mirada but in smaller scale if land is an issue.	Jul 26, 2012 9:45 AM
193	My family would like to take more of the parks and rec classes, but they are too expensive, and the prices went up this year.	Jul 26, 2012 9:43 AM
194	I understand there has been some discussion regarding adding a dog park in the Yorba Linda area. I think this would be a fantastic addition to the city, seeing as how there are no dog parks within the immediate vicinity.	Jul 26, 2012 9:41 AM

Cultural and Fine Arts Focus Group (September 10, 2012, Yorba Linda Community Center)

Attended by 4 Community Members.

Presentation and Group Discussion

Some discussion points raised during the meeting included:

- Funding challenges
- Opportunities
 - The money names the opportunities
 - Endowment
 - Private investors
 - Donors
 - Certainty first, before investment
 - City Council challenges
- Public vs. Private Facility
- Joint Use/Multi-Use Facility
 - Local use
- See prior Facility Feasibility Study

The group discussed the following topics:

- Programs that should be financially supported by the City Yorba Linda
- Cultural arts facilities that should be recommended in the master plan
- Best way for the City to support the arts in Yorba Linda

The discussion lead to the following points:

- Downtown as a Gathering Place, a new town center/art district
- Art District with entertainment and dining, visually and intellectually stimulating, gallery/display area
- No Joint-Use
- Groups have to go out of YL to perform = not good. They are forgotten
- Want a unique separate facility

Yorba Linda General Plan

- Want entertainment and dining in Yorba Linda
- Library
 - Changing needs but still very important
- Seniors, teens, and babies are covered but there is no place for the age groups between teen and seniors
- Public Art Pieces – YL doesn't have any and they are sad about it.
 - Get money from hotel taxes and development fees
- City vs. Private Money \$\$
 - What about Chamber of Commerce support?
 - When City Funding is cut, programs get cut
 - Need a long term funding source like a non-profit, not the City
 - Need a strong advocate for the arts on City Council
 - Community support is there already
- YL needs an Arts Identity
 - Already have sports, schools, equestrian
- YL Wants/Needs:
 - Craft Center
 - Don't forget about all age groups
 - Studio – artist residency is a great idea
 - Look at Palos Verdes
 - Paint, ceramics, fashion, entertainment, homes tours, picnics
 - Want a center than anyone can drop into
 - Gallery walks like Fullerton
- Let's involve business owners
- Private arts/dance centers can get pricy

Outdoor Sports Focus Group (May 3, 2012, Yorba Linda Community Center- Imperial Room C)

Outdoor Sports Group Introductions & Comments – Those in attendance included the following:

- Ted Lawton, President PYLGSA
- Danielle Zavala, President WYLLL
- Jeff Leech, JUSA
- James Stinnett, PYLGSA
- Greg Stull, JUSA
- Ryan Nagao, AYSO
- Josh Melendez, YLP YMCA

Selected speaker for each sports group gave an overview and history of their program and comments on issues facing them, their needs and projections for the future.

A. AYSO

- Has been in Yorba Linda for over 10 years
- National Organization Regional Association has players from Yorba Linda, Anaheim Hills, Placentia, Brea, Orange, & Tustin
- Have 500+ participants
- Hosts tournaments on a rotating basis
- Funding comes primarily from registration fees, donations, and fund raising

B. PYLGSA

- Has been in Yorba Linda for 40 years
- Local organization with 35 member Board
- Participants are almost all from Yorba Linda
- Have 550+ participants
- Uses six fields and coordinates with soccer & baseball
- Funding comes from registration fees, donations and parent support

C. YLP YMCA

- Currently runs afterschool programs at Fairmont elementary
- Would like to expand after school programs if it can get facilities and funding
- Operate an adult soccer program in Placentia

D. JUSA

- Has been in Yorba Linda 39 years
- Operates recreation and club soccer programs
- 90% of recreation soccer participants are from Yorba Linda

Yorba Linda General Plan

- Operate fall and spring programs
- They don't operate any adult leagues
- They have provided over \$100,000 in field maintenance and improvements over the years

E. WYLLL

- Have been in Yorba Linda since 1987
- They play at Veterans Field
- They operate programs for T-Ball through Seniors division
- Funding comes from snack bar and parent support for fund raising

Summary of Issues, Needs, and Requests

- a. Group expressed concerns about the City's non-resident policy and how it's used to prioritize the allocation of field time. All the youth sports groups draw participants based on the PYLUSD boundaries, which don't match the City boundaries, and they get penalized for having kids on the teams from Anaheim Hills, Placentia and Brea.
- b. Groups felt field conditions were good, expressed difficulties in scheduling practices in August when football needs to practice 5 days per week and the city closes fields for renovation.
- c. Parking was a main concern of all the groups. WYLLL depends on the Von's shopping center parking and are worried about losing the joint parking agreement if the property is sold or redeveloped. All the groups would like the master plan to look at possible parking solutions at all field sites. Some suggestions were made regarding Jean Woodard Park, Shapell Park, etc.
- d. All the groups agreed there is a shortage of lighted fields and it is difficult to get practice time from October to April when it's dark early.
- e. The soccer groups expressed a need for a lighted outdoor soccer complex and said they could share a lighted soccer complex with two full size regulation fields that could be divided up into smaller fields for various age groups. They would like to see a centrally located complex with some neighborhood park amenities, but dedicated to soccer for practices, leagues and tournaments.
- f. The groups suggested looking into more joint development and use agreement with the School District to improve and light fields, especially for practice.
- g. The groups indicated that they would be willing to help out financially to accomplish getting more lighted fields.

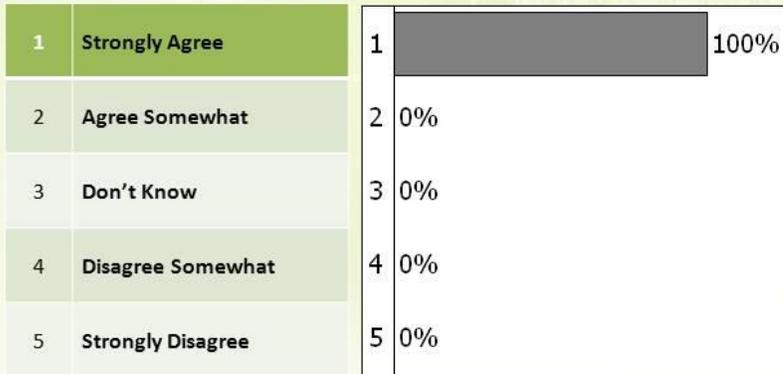

Yorba Linda General Plan

- h. The fields girls softball use are spread out all over the city and they would not mind giving up their fields to soccer if they had a central softball complex to serve their needs and hope the master plan would look at this option.
- i. Soccer would like the master plan to look at possible lights at Arroyo Park, Lower Travis Park, and Jessamyn Park.
- j. The soccer groups indicated that they need to start at 7 am on Saturdays to get all their games in, but the field entry time in 9 am, which was apparently set to insure residents that noise would be minimal until 9 am, but they have started before at 7 am without complaints, so they would like this policy looked at in the master plan.
- k. The sports groups wanted to be included in the design process for Vista del Verde II when the city proceeds with that process.
- l. The soccer groups indicated the future need for Futsal (5 a side indoor soccer) facilities, as it is becoming very popular.
- m. The groups thought that a policy of lighted field allocation tied to the number of participants in a program would be a fairer way to insure groups get the practice time they need.

- Favorite Places

What is your favorite place in Yorba Linda and why?

Yorba Linda Public Library

What a great place to study, research, learn, discuss ideas with others and inspire our children. There are so many activities for every age group, including adults. You can learn to use the latest technology, download ebooks, check out Wii games, and enjoy free access to the internet. Remember to visit the used book store for treasured classics and the latest mysteries to take on the plane flight. The summer reading program is just starting!

Comment 1: "As always, this year's summer reading program is amazing with programs for children, teens and adults. One of the prizes for the adult summer

Yorba Linda General Plan

reading program is a handcrafted double-size quilt in night sky colors. It is hanging up on the way to the adult research desk - look up and check it out. What a treat for the lucky winner!

One of the new programs the library plans to offer during the upcoming year is the capability to check out an e-reader. Now, not only can you check out an e-book but also an e-reader loaded with numerous books. Awesome. Check out our public library as it is truly a community treasure!"

Comment 2: "I appreciate the library is building up their library of the digital media. With so many readers now using kindle, nook, iPads, the trend for the future is less shelf space and more on line check out of materials. I enjoy checking out books online and wish they had more book offerings available."

Comment 3: "Aside from checking out books you can also checkout dvds. They have 1000's of movies including academy award winners, documentaries and new releases. Also available are books on CD and playaways. Have you seen the prizes for participants in the summer reading program?"

Hurless Barton Park

This is a great park that provide shade for family picnics, is the home of the concerts in the park, great playground for younger children, bathrooms, and access to the Tommy La Sorda Field House, Adventure Playground and the Community Center. I brought my children here when they were found and now I bring my Grandson. Would love to see maybe a climbing wall added for kids...

Comment 2: "This is a great park for all ages. I attended an early morning workout class under the blooming magnolia trees and later returned with three grandchildren. I enjoyed hearing lots of positive comments from other park visitors. Great going, Yorba Linda! The barbecues were in use and the horseshoe pits add another sport."

Yorba Linda General Plan

Veteran's Park

My kids have all of their youth sports at the park. It is the best location for the west side. Unfortunately, the upkeep of the fields are subpar compared to other cities.

Yorba Regional Park

I drive past this park each morning and evening during the week, as well as throughout the weekend. Seeing all the people who use and enjoy this park validates what a tremendous asset we have.

Yorba Linda Lakebed

This area is a little piece of wilderness in our big city. It is easily accessible from many streets and incorporates opportunities for walking, cycling and riding horses in a shaded, quiet location. You get a sense of the changing seasons and often get to see rabbits, raptors, even coyotes, as well as your neighbors.

Chino Hills State Park

The easy access by bicycle, foot and horseback to Chino Hills State Park from numerous neighborhoods in our city is wonderful. The views of Yorba Linda, surrounding communities, and Catalina Island from the various trails along the ridgetops are stunning and a valuable asset of our community.

The Nixon Library

Yorba Linda's piece of special. With only a few presidential libraries around the country, the Nixon Library is not only beautiful, but also historic. The speakers, the events, the display's, the grounds; something to be truly proud about, without saying anything about your personnel view of politics.

The Friday Morning Quilting Class at the Yorba Linda Community Center

Inspiring quilt teacher Lyn Brown empowers her students and connects them all to the quilting world with her fascinating ideas and sewing projects. No sewing machine necessary. Just come and join the fun. You will be amazed how creative you can be and how much fun it is to share in the camaraderie and the Sew and Tell. This is a great use of our Community Center.

Dog Park in Yorba Linda

Our community loves r animals and right now we have unofficial dog parks in the city that are not well advertised and restricted due to other defined uses for the areas. My hope is the Parks and Rec Department can find a viable location for a dog park, not near high wire electrical lines and snakes but in an area where we can enjoy our pets and family time.

East Lake Village Rec Center

The lake, pool, volleyball, basketball courts - spending a summer evening BBQing with friends. Nothing better...

- Community Challenges

What do you think are the biggest challenges or issues facing Yorba Linda in the coming years?

We need a greater variety of restaurants & shopping opportunity

Many of us leave the City on a regular basis to go out to eat, shop and socialize. We need to find a way to promote the town center and form a synergistic relationship with a viable community draw and a variety of restaurants, i.e. PF Changs! This community draw and shopping/ dining opportunities should also be able to draw visitors into our community to boost the sales and viability of the area.

3
Votes

Comment 1: "Our current selection of dining in YL is poor. Most entertainment and dining is done in Brea, Disney and beach areas."

Comment 2: "Provide adequate parking with a low profile structure in town center and allow the corner of YLB and Imperial to be leased to restaurants, retail stores. Carefully consider the possibility of a cultural arts center that is not just a theatre but a venue for classes, productions for all art forms."

Yorba Linda General Plan

Automobile Dependence

As we do not have access to Metrolink, Amtrak or bus choices for our transportation needs, I consider our automobile dependence as a key challenge that our community must overcome in the coming years. In order to realize a vibrant community in which we rub elbows with others in our community, increase our physical activity and patronize local establishments, we need to start considering mass transit and non-motorized modes of transportation as viable alternatives to the automobile.

3
Votes

Comment 1: "Are you thinking about a local "public transit" such as a "Yorba Linda Bus" that would continuously run up and down Yorba Linda blvd - or, some type of regional mass transit?"

Poor Tax Base

We are over reliant on property taxes to provide funding for our City to run. We need to move forward creatively to boost the retail tax base by improving the retail areas we have to maximize their usage, truly investigate options for a Costco gas station, and allow reasonable development of the town center. We need to put design standards in place to promote the feeling of our community without hampering the town center development by trying to preserve things that are not worth saving.

Keeping the Rural Character of Yorba Linda

Like many other affluent cities, we have beautiful arterial landscaping, wonderful parks and school recreation areas. Our bike and horse trails are an unusual and terrific asset for our city. Promoting the equestrian aspect of our historic community makes us unique in Orange County, second only to San Juan Capistrano in equestrian assets. Don't we all enjoy seeing a young rider crossing Lakeview Avenue for a ride in the Lakebed and seeing those little miniature horses out on the trails? It is part of who we are.

Comment 1: "Keep the rural character. I like it. I was raised in a house built on the edge of a farm field. Across the street were about ten acres of woods. Now that's rural. That's gone for Yorba Linda. It is still the nicest city in Orange County, but not for long. We cannot build houses on every hill, confiscate houses for high-density high-rise apartments (H&I), and push for mass transit and still keep any resemblance of a nice rural area. Ms. Cheri was too nice to say, or even think the only real way to preserve a rural atmosphere. No more growth—hence preserve."

Yorba Linda General Plan

- Community Strengths

What do you consider to be the strengths of the community?

Low Density and Semi-Rural

A community based upon the premise of low density housing (less than 2 dwellings per acre) which maintains the semi-rural atmosphere with open greenbelt areas mixed in with the homes. A city with pride in its open spaces, both natural and landscaped.

Quiet Community that is Safe and Family-Oriented

I have enjoyed raising my three children in Yorba Linda. We moved from the beach when my youngest was 6 weeks old. We have enjoyed the quiet lifestyle in a community that offers many recreational opportunities. The City has continued to change over the years but has retained the feeling of community.

- Vision for the Future

Horse Trail Connectivity

Horse trails currently do not have adequate and safe connectivity in our community particularly along the Bastanchury corridor connecting the community to the state park. We need to do something quickly before the final build-out of the community occurs north of Bastanchury.

A Well Defined Bike Trail System in Our Community

We need to encourage people to leave their cars at home. One way to accomplish this is to have well defined, safe bicycle routes throughout the city. There will be community kick-back at first, but the benefit for all residents from our children to our active seniors is immeasurable.

Parks and Recreation Master Plan

- Frequency of Visits (Instant Poll)

How often do you visit a park, community building or other recreation amenity in Yorba Linda?

Yorba Linda General Plan

Comment 1: "I enjoy the local parks with my grandson. Hurless Barton and Jessamyn West are two of our favorites."

Comment 2: "I personally utilize our extensive public trails system; however, rarely visit parks or community facilities within the city. Yorba Regional Park and Chino Hills State Park are greater draws for my recreation trips (when I have the time) than destinations within Yorba Linda."

- Improvements and New Facilities

What new parks or facilities in Yorba Linda or improvements to existing parks or facilities are needed?

Dog Park in Yorba Linda

A viable dog park not near areas infested with snakes or huge electrical lines...There is room near the community center for a small dog park. We do not need a huge facility but several small areas near family friendly facilities would be appreciated.

Comment 1: "I support this idea – having my pet socialize and be in a different area would be great!"

Comment 2: "Just a typical response from a PETA loving tree hugger."

Comment 3: "LOL, Not at all. Do you go to the 4th of July festivities at the Sports Complex? The city pays for it to create a sense of community. The dog park is just another way to create community. Don't be so hateful."

Comment 4: "Nick - it's not the city's responsibility to supply playgrounds for the kids, but they do so that people can congregate together and create a sense of community. If the tax payers want the cities to pay for a dog park, why not? It's the tax payers who are funding the city."

Yorba Linda General Plan

Comment 5: "One trip to Dog Beach in Huntington Beach made me a believer in the value and benefit of dog parks. For me, too far, wet dog, sand everywhere, and tough parking make for plenty reason to not partake more frequently. For Yorba Linda, the idea need not involve a permanent physical location; any number of baseball fields during the off season would accomplish the same objective."

Comment 6: "Agree Jan - before buying your kid a bat, make sure you have room in your backyard for a ball field."

Comment 7: "A dog park is not a dog run. I actually have a large yard for my two large dogs. A dog park is for socializing the dogs and also giving residents to gather with others who have the same interest. Are you suggesting we should not have the equestrian arenas, ball fields, and other amenities?"

Comment 8: "Before you commit to supporting a pet, make sure you have the means to offer that pet what they need. It is not the cities responsibility to supply dog runs and dog parks for the residents."

Vista del Verde Park 2

Grass area is a great play age. Since many of the yards nearby are small add play equipment to the park at Vista Del Verde Park 2 near Bastanchury and Lakeview. Near Foxfield Development.

Comment 1: "I would also like to add that I wrote the city council in December 2010 and never received a response about the Vista Del Verde Park. I hope this method of input is more receptive :) Thank you!

Comment 2: "I thought when I bought my home there was going to be a park with playground equipment... 8 years later we still DO NOT have a park in Vista Del Verde with play equipment. Please solve this ASAP> it is frustrating to play on the grass and look at Lakeview school with their play equipment all locked up. Can we do this ASAP before the children in the neighborhood grow up? I also support a water feature in this new playground area, as I do not know another park in YL that has one..."

Comment 3: "Vista del verde park needs to be expanded, I thought the original plans were to expand it right next door in that dirt area beyond where it is. Also, who takes care of that field???? They are absolutely HORRIBLE and someone needs to address this ASAP before that field is ruined altogether and us tax payers have to pay big money to get it fixed. They are OVER WATERING completely and then any use causes the field to be damaged."

Yorba Linda General Plan

Additional Lighted Fields

Similar to the Brea sports complex. Multiple sports complex.

Comment 1: "This is needed TREMENDOUSLY."

Comment 2: "Great idea but where in the City do we have space for this? If possible, this promotes fitness and health!"

Extension of Paved Multipurpose Trail Beyond Kellogg Drive

It would be great if the City were able to provide an extension / gap closure for the existing multipurpose trails that exist on either side of Kellogg Drive (North of Esperanza HS). Currently, this outstanding trail system ends at Kellogg (coming from the Brea area) - with a gap until the trail picks back up in the East near Roland Bigonger Park. Closing this gap would enhance the connectivity of these two excellent trails, improving the riding/running/cycling opportunities for area residents.

Comment 1: "Look at the Bastanchury connection also."

Swimming Pools?

Since the opportunity was lost with the building of the new high school swim pool, is there another area we could house a community swimming pool?

0
Votes

Comment 1: "Can we make the high school swimming pools available to Yorba Linda residents during the summer - cost for lifeguard and pool maintenance could be partially or completely covered by a usage fee?"

Comment 2: "The city builds and maintains horse trails, parks, common areas, and even owns a golf course - all to support the "better things in life" for its citizens. If the YL citizens decide a community pool would benefit Yorba Linda and could somehow manage the cost - why not? This is not the federal government - YL is us.."

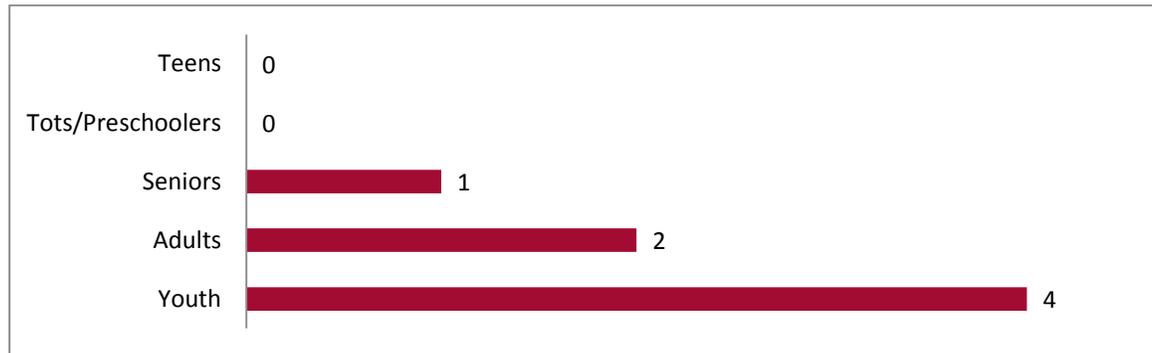

Comment 3: "Once again, it is not the responsibility of the city to support the better things in life to every citizen of Yorba Linda. If you can't afford a nice underground pool, go buy a inflatable pool and fill it with the hose."

Yorba Linda General Plan

- Target Age Group (Instant Poll)

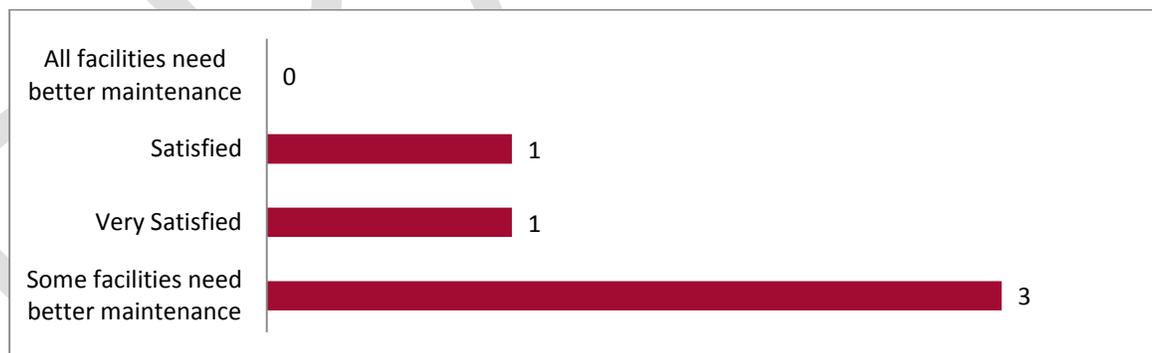

In your opinion, what is the priority age group for the City to provide parks and recreation services for?

Comment 1: "We have many opportunities for our youth: sport fields, a wide variety of classes and activities through park and rec and the library for our Youth. The senior population is not as well represented in activity availability. None of us are getting Younger~"

- Parks and Recreation Maintenance (Instant Poll)

How satisfied are you with the level of maintenance and the condition of park and recreation facilities in Yorba Linda?

Comment 1: "The Yorba Linda Knolls Park on Fairmont floods each time they water, which is far too often. Also, the watering schedule is now much later so the sprinklers are starting after 6:30am. It is also full of holes both from gophers and old irrigation boxes, the boxes have sunk more than 6" below ground level. They mow over these so you can't always see them before stepping/falling into them as the grass is level with the rest of the area."

Yorba Linda General Plan

- Activities and Events

Are there classes, programs, events, or services that are not offered in Yorba Linda that you would like to see offered, or activities that need expanding in Yorba Linda?

10K Running Race

An activity from the parks department that would be enjoyable and bring the community together would be a 10K with 5K running race.

Comment 1: "Coming soon with the resurrection of the fiesta days festival!"

Swimming

The one and only High School in Yorba Linda with a awesome pool needs to offer Lap swimming and a Masters Swim Program. How does one get that program started? I drive to Irvine and swim at the Woolett Center which includes Irvine High School's swimming Pool as well as Northwood High School. This offers more jobs (i.e., life guards) and a better usage of our school.

Senior Exercise Classes

Our population is aging and that creates problems with age-induced loss of strength and balance. This seriously affects their ability to live independently. Other communities have fitness gyms as a part of their community center. Would love to see this occur and for senior classes to be offered.

Comment 1: "This is not realistic. Quit pandering the seniors for their vote. The city has many programs for seniors."

Comment 2: "¿Pandering? We are all getting older and I would like to see more in the community allowing for senior socialization while maintaining a healthy lifestyle."
