RE: Native American Consultation for the Yorba Linda General Plan Update

Dear Director Dunlap,

Pursuant to the requirements of Assembly Bill (AB) 52 and Senate Bill (SB) 18, on behalf of the City of Yorba Linda we are informing you that the City is the lead agency for the Yorba Linda General Plan Update and are contacting you to elicit information not contained in the present database and offer to initiate government-to-government consultation should you choose.

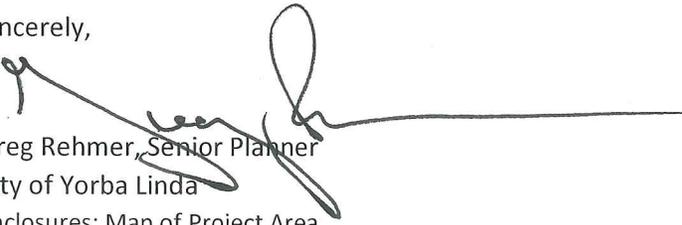

The City of Yorba Linda is preparing an update to its adopted 1993 General Plan, complying with California Code Section 65300. The General Plan is a long-term policy document that serves as a blueprint to guide the City's vision for land use and development over the next 20-plus years. The purpose of the Yorba Linda General Plan Update is to update land use, circulation, and other physical changes that have occurred in the General Plan Planning Area since the adoption of the 1993 General Plan. The Planning Area consists of all lands within the jurisdictional limits of the City of Yorba Linda, as well as the area within the City's Sphere of Influence in unincorporated Orange County, all of which is considered the General Plan Planning area.

Kimley-Horn and Associates notified the Native American Heritage Commission (NAHC) and requested a Sacred Lands File (SLF) search for the project Area of Potential Effects (APE). The results of the SLF search did not indicate the presence of Native American cultural resources within the APE as specified in our request. The NAHC included a California Tribal Consultation List for the City of Yorba Linda.

If there are specific resources in the Planning Area of which we should be aware or you wish to initiate government-to-government consultation, please contact Mr. Greg Rehmer, Senior Planner City of Yorba Linda by telephone at (714) 961-7137, or by email at grehmer@yorba-linda.com within 30 days of the date of this letter. Also, please feel free to forward this information to others whom you believe may have information that would be helpful in identifying cultural resources in the project area.

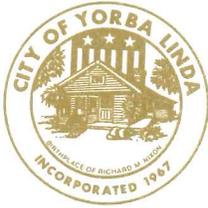

Thank you for your involvement in this process. Your comments are important to the project, and I look forward to hearing from you.

Sincerely,

Greg Rehmer, Senior Planner
City of Yorba Linda
